

Dear New Resident,

On behalf of Tourism Burlington, we welcome you to the City of Burlington; our flourishing community features many attractions, dining experiences, a wonderful waterfront downtown on Lake Ontario, access to the Niagara Escarpment and the Bruce Trail, and specialty shops.

Burlington has many recreational activities to enjoy in your neighbourhood and throughout the city. There are suitable activities for all ages, interests, and seasons. You may enjoy taking a walking tour of the downtown waterfront and promenade; golfing at one of the nine golf courses within the city; cycling the waterfront trail or along our scenic rural roads; hiking at one of our conservation areas or exploring history at our Museums or culture at our Art Gallery or one of our theatres. No matter what time of year, summer, spring, winter, or fall, there is always something to perk your senses here in our beautiful city.

Inside your "New Resident's" package, you will find a copy of our Burlington Visitor Guide, which provides plenty of exciting things to do, including day trips, health and wellness activities, and a map of Burlington. Also, in your package is a listing of critical municipal numbers and a variety of other attraction and community brochures.

If you require further information, please do not hesitate to call our number at 905-634-5594, email us at [info@tourismburlington.com](mailto:info@tourismburlington.com) or see us at the Visitor Information Centre at 414 Locust Street; please call for the current hours of opening.

We hope you enjoy living and playing in our beautiful city.

Yours truly,

Visitor Information Services  
Tourism Burlington
